All About Functions()

K. Scott Allen

Summary

The image shows a Notepad++ window with the title bar "C:\Users\Scott\Documents\Functions\functions.js - Notepad++". The menu bar includes File, Edit, Search, View, Encoding, Language, Settings, Macro, Run, Plugins, Window, and Help. The toolbar contains various icons for file operations, editing, and development. The editor window shows a file named "functions.js" with the following JavaScript code:

```
1  var getDieRoll = function(dieSize) {  
2      var result = Math.ceil(dieSize * Math.random());  
3      return result;  
4  };  
5  
6  var showResult = function() {  
7      console.log(firstDie);  
8      console.log(secondDie);  
9      console.log(firstDie + secondDie);  
10 };  
11  
12 var firstDie = getDieRoll(10);  
13 var secondDie = getDieRoll(10);  
14 showResult();  
15  
16
```

The status bar at the bottom displays "JavaScript f length: 318 lines: 16", "Ln: 6 Col: 13 Sel: 0|0", "Dos\Windows", "ANSI as UTF-8", and "INS".
